VESTA® Twin Water Conditioners

YOUR FAMILY, YOUR HOME & YOUR WATER

Clean Water Solutions. For Your Home. For Your Family.

Your family deserves high quality water. It's essential to your health, good for your home and pets and can save you money. Your professional VESTA water conditioning dealer is trained and dedicated to providing the best solution to the most common water problems.

IN THE BATHROOM:

Your soap and shampoo will lather better. Your hair and skin will feel noticeably cleaner, softer and less dry. Additionally, there will be no soap scum or mineral deposits to clean off sinks, showers, tubs and toilets.

IN THE KITCHEN:

Dishes will clean up more easily, and will be spot-free without the gray film glass gets when etched by mineral laden water. Plus hands will feel softer and look better.

IN THE LAUNDRY:

Clothes will be softer, cleaner, whiter and brighter, and will last longer. Using soft water and pure soap products increases the life of clothing, towels and linens up to 33%. Without hard water service issues, washing machines will last longer, too.

PLUMBING AND APPLIANCES:

Appliances that use water will last longer and run better. Water heaters, washing machines and dishwashers using hard water can wear out 30% faster.

VESTA WATER CONDITIONERS

Each VESTA Water Conditioner is designed to specifically address the water quality issues that are unique to your home thus providing your family with outstanding water. The very best components, features and state-of-the-art design go into every system providing you with years of high quality, conditioned water. The VESTA Twin Control Valve is one of the most advanced controls available giving you soft water 24 hours a day, 7 days a week, 365 days a year.

A VESTA Twin tank water softener monitors your daily water usage and regenerates only when necessary. Regeneration is based on your actual water usage and regenerates at any time of the day or night. This saves you salt, water and money. The twin-tank design means you always have a continuous supply of soft water even during the regeneration process. While the one tank is in service, the the opposite tank regenerates, giving you all the advantages of continuous soft water.

VESTA PROFESSIONAL SERIES CONTROL VALVE

- Water use is monitored for peak efficiency
- Regenerates only when necessary saving salt and water
- Visual Low Salt Alarm alerts when it's time to add salt to the system
- Treated water regenerant refill yields a high quality recharge of the media bed
- Built in backup of settings during power outages
- Simple diagnostics and design provide for easy maintenance
- Color coded service reminder screens
- Colored backlit screens for easy recognition of softening or filtering modes
- Dealer contact screen with phone number
- Two individual relays for controlling other water treatment equipment

HIGH QUALITY BRINE TANK

- High quality, durable construction
- Safety float system helps prevent overflow of the brine tank
- Constructed of corrosion-free materials
- Larger brine tank sizes available
- Shown with optional salt grid

EXCLUSIVE MEDIA BED

- High quality, chlorine resistant media bed for years of continuous service
- Uniform bead size and distribution for optimum flow rates
- 10% Crosslinked Resin for longer resin life

VESTA BRAND PLATE STYLE DISTRIBUTION SYSTEM

- Delivers evenly distributed and high quality flows
- Large surface area of plate yields lower pressure drop over time

Beyond Soft Water...

FILTRATION SOLUTIONS

Iron, tastes and odors, hydrogen sulfide (sulfur) and acid water conditions all contribute to water quality problems. VESTA brand filtration solutions are designed to eliminate stains from your sinks and tubs, remove unwanted tastes and odors delivering high quality water. Working with your VESTA professional water treatment dealer, your new VESTA system will fit your exact needs and provide you with years of quality, conditioned water.

DRINKING WATER SOLUTIONS

Your VESTA water treatment professional offers a complete line of drinking water equipment designed to protect your family from a wide variety of contaminants. VESTA Reverse Osmosis drinking water solutions deliver high quality, healthy drinking water to faucets, ice makers and refrigerator dispensers and eliminates the need for bulky water bottles.

FROM OUR FAMILY TO YOURS...

Each VESTA Water Conditioner is designed and manufactured by Nelsen Corporation. For more than 65 years, our family owned company has been providing outstanding water treatment solutions. Your VESTA dealer is part of a select group of professionals who are trained and authorized to sell and service the VESTA solutions. From homes to schools, hospitals, restaurants and hotels, the innovative and state-of-the-art design of the VESTA line provides years of trouble-free service.
